COMMANDER'S POLICY MEMORANDUM # 7

SUBJECT: Drug-Free Workplace

1. Achieving a drug-free America is one of our Nation's highest priorities. The Federal government, as the Nation's largest employer, is concerned with the serious adverse effect drug abuse may have in the workplace. As the Commander of the U. S. Army Corps of Engineers, I share these concerns.
2. I am committed to the well-being of our employees, the successful accomplishment of our mission, responsiveness to our customers, and the fulfillment of our responsibilities to the public we serve. Therefore, it is the policy of the U. S. Army Corps of Engineers that the use of illegal drugs on or off duty will not be tolerated.
3. The Corps is implementing this policy in accordance with Executive Order 12564, Drug-Free Federal Workplace, and applicable laws, rules and regulations. It is the responsibility of every commander, manager, supervisor and employee to join together and embrace the concept of a drug-free workplace and to create and maintain a drug-free working environment.
